## OFFICIAL

**KSC BULLETIN:** Because Monday, September 7, 1998, is a holiday, the deadline for the September 11 publication is **9 a.m., Friday, September 4.** (FF-S2-A)

**SEPTEMBER HEALTH EDUCATION AND WELLNESS PROGRAM—COLORECTAL CANCER SCREENING:** Cancer of the colon and rectum remains the third leading cause of male and female cancer deaths in the United States. Colon cancer has a good chance of cure if found early. Unfortunately, early symptoms are few. The best defense against colorectal cancer, or any cancer, is regular cancer related health checkups. Early detection is the key to successful treatment. Screening for colorectal cancer with hemoccult (guaiac) slides will be offered to all KSC/CCAS employees in the month of September. Kits containing the hemoccult slides, special instructions for correct use, a questionnaire and general information will be available at all medical facilities on the following schedule (or upon request to Carol Roth, 867-3414, BOC-005):

Occupational Health Facility (OHF) (Industrial Area)  
24 hours a day/7 days a week

Cape Area Clinic (CAC) (CCAS)  
7:00 a.m. - 3:30 p.m. Monday through Friday

Launch Area Clinic (LAC) (MFF) (LC-39 Area)  
8:00 a.m. - 4:40 p.m. Monday through Friday

(JJ-C)

**KENNEDY PARKWAY & SCHWARTZ ROAD CONSTRUCTION:** Effective Monday, August 31, 1998, the continuous through lane on southbound Kennedy Parkway will be eliminated. On that date, this intersection will become a four-way intersection and all vehicles heading south on Kennedy Parkway **MUST** stop on red. For more information, call Security Projects and Integration Office at 861-6967. (FF-S1-B)

**OVERSEAS TRAVEL:** All NASA and contractor personnel who intend to travel outside the continental United States should contact security approximately 30 days prior to scheduled departure. NASA personnel should contact the KSC Security Awareness Office at 861-5859. Contractor personnel should contact their company Security Office. (FF-S1-B)

**SECURITY NOTICE:** All employees are reminded to report any suspicious persons, actions, vehicles, or questionable situations to Security immediately by dialing 867-2121, or 911 in an emergency. Be safe, not sorry. Trust your instincts and never hesitate to report anything that makes you uneasy. (FF-S1-B)

**EMERGENCY EVACUATION:** It is the responsibility of all employees to evacuate facilities when warning devices are sounded, and paging instructions are given over the all-area paging system. Even though you may think the alarm or warning device is a false alarm, it is your responsibility to evacuate. Failure to do so could result in loss of accountability, resulting in an unnecessary search by fire and rescue personnel. Warning devices such as fire alarms, area warning warblers, and tornado area warning alarms have meaning; please adhere to them. (FF-S1-A)

**FLAGS AT HALF STAFF:** The flags of the United States flew at half staff at the Kennedy Space Center on Friday, August 21, in honor of Mr. Gary Lamar White, a Shuttle Systems Inspector with United Space Alliance. Mr. White died on August 16 and was buried on August 21. (FF-S1-B)

**FLAGS AT HALF STAFF:** The flags of the United States flew at half staff at the Kennedy Space Center on Wednesday, August 26, in honor of Mr. Gary W. Starr, a CAD/CAM Operator for Lockheed Martin. Mr. Starr died on August 23 and was buried on August 26. (FF-S1-B)

**FLAGS AT HALF STAFF:** The flags of the United States flew at half staff on Saturday, August 22, 1998, in honor of Mr. Ulysee E. "See" Daniels, a Hook Tender/Rigger for United Space Alliance. Mr. Daniels died on August 13 and was buried on August 22. (FF-S1-B)

**KSC DUPLICATING FACILITY SERVICES:** Requests for printing of online documents; e.g., electronic PDF documents residing on the Kennedy Technical Report Server (KTRS), can be accomplished by submitting an email to Frank Kiep and Dan Hilburn, KSC Duplicating Facility, HQ, Room 1340. It must contain the location (url), reproduction credit card number, number of copies, and date required. Upon completion, the requester will be notified for pickup. Other services available are high volume scanning and document conversion to PDF, Word, or PostScript formats. (FF-S2-A)
